

NORTH RANGE

MILITARY | FORT LEE MILITARY BASE, VIRGINIA

CLIENT

Purcell Construction Corporation

PROJECT DESCRIPTION

The North Range project consisted of the development of a 200-acre site to be used for the training of military troops in all types of wheeled and tracked vehicles. The site design included training roadways, mire pits, turnover areas and hills. The project also included the construction of a 35,000-square-foot training building and two 18,000-square-foot maintenance buildings. The Townes Team completed civil design services as well as construction stakeout and inspection services for the project.
