

CHESTER VILLAGE GREEN

MIXED-USE DEVELOPMENT | CHESTER, VIRGINIA

CLIENT

Chester Village, LLC

PROJECT DESCRIPTION

Chester Village Green is a unique community that combines private, single-family homes; affordable, age-restricted homes; and apartment townhomes with retail, commercial and office space in downtown Chester, Virginia. The development was one of the first Traditional Neighborhood Developments introduced in the Richmond-area market. The Townes Team performed all wetlands delineation and permitting work, engineering design, survey work and construction management services for the project.
